

Team Details

| Intern Name | Assigned Role | Key Responsibilities |
|-----------------------------|---|--|
| Samruddhi Kulkarni | Team Lead (AIML) System Architect & Data Analyst & Data Visualization Lead | Overall project ownership, task allocation, coordination with mentors, progress tracking, and final project integration |
| Pramila Chandanshive | Co-Lead Database Handler & UI Developer | Supporting Team Lead, Managed database and data operations Developed and connected UI components |
| Sakshi Tamshetti | ML Engineer & Backend/API Developer | Built ML models and recommendation logic Developed backend logic and APIs |
| Rutuja Raut | Deployment , Integration & Model Training , Evaluation Engineer | Model integration, API developer , Training ML models, performance evaluation |

Intern Details (Team Members)

1. Full Name: Samrudhi Sanjay Kulkarni (Team Leader)

- Intern ID: PGT_INT_2025_AIML_1
- Internship Name: AIML Intern, PGT Global Network
- Duration: Dec 2025 – Jan 2026
- Key Contributions:
 - Designing the complete system architecture and workflow
 - Defining modules, data flow, and integration strategy
 - Implementing data visualization and dashboards
 - Monitoring overall project progress
 - Final integration review and quality assurance
 - Coordinating with mentor and team members

2. Full Name: Pramila Shahaji Chandanshive

- Intern ID: PGT_INT_2025_AIML_2
- Internship Name: AIML Intern, PGT Global Network
- Duration: : Dec 2025 – Jan 2026

- **Key Contributions:**

- Designing and managing the database schema
- Handling data storage, retrieval, and updates
- Developing user interface (UI) components
- Connecting database with frontend
- Supporting system integration and UI testing

3. Full Name: Sakshi Meghraj Tamshetti

- Intern ID: PGT_INT_2025_AIML_3
- Internship Name: AIML Intern, PGT Global Network
- Duration: : Dec 2025 – Jan 2026

- **Key Contributions:**

- Building and training machine learning models
- Implementing performance analysis and recommendation logic
- Developing backend logic and REST APIs
- Integrating ML models with the backend
- Optimizing model and API performance

4. Full Name: Rutuja Milind Raut

- Intern ID: PGT_INT_2025_AIML_4
- Internship Name: AIML Intern, PGT Global Network
- Duration: : Dec 2025 – Jan 2026

- **Key Contributions:**

- Handled **model training and fine-tuning** using intern performance data.
- Performed **model integration** with backend APIs and system workflows.
- Assisted in **API integration** to ensure end-to-end system functionality.
- Conducted **performance evaluation** of ML models to validate accuracy and reliability.
- Tested system workflows and identified integration issues.
- Supported deployment readiness and overall system stability.
